BIRDS of Lost Dutchman State Park

A Preliminary Checklist of Birds in this Park and Vicinity

Birdwatching Tips
Cool morning hours are best for bird viewing during the hot summer months.

Walking and talking quietly will help you see more birds.

Sitting in a partially hidden location will allow the birds to return to their normal activities so you have more opportunities to see them. Noises and sudden movements will disturb them.

Towhees, Sparrows & Juncos (continued)

- Black-chinned Sparrow S-u
- Vesper Sparrow M-r
- Lark Sparrow M-u
- Black-throated Sparrow P-c
- Sagebrush Sparrow W-r
- Lark Bunting M-r
- Savannah Sparrow W-r
- Song Sparrow W-u
- Lincoln’s Sparrow M-u
- Harris’s Sparrow W-acc
- White-crowned Sparrow W-c
- Dark-eyed Junco W-u

Cardinals, Grosbeaks & Allies

- Northern Cardinal P-c
- Pyrrhuloxia P-u
- Black-headed Grosbeak M-r

Blackbirds, Meadowlarks & Orioles

- Brewer’s Blackbird W-u
- Great-tailed Grackle P-c
- Bronzed Cowbird S-u
- Brown-headed Cowbird P-u
- Hooded Oriole S-r
- Bullock’s Oriole S-u
- Scott’s Oriole S-i

Finches & Goldfinches

- House Finch P-c
- Lesser Goldfinch P-c

Old World Sparrows

- House Sparrow P-c

Biotic Communities

The park is located at an elevation of about 2,000 feet. The habitat found in the park is typical of the Sonoran Desert. This list also includes birds found along hiking trails leading into the Superstition Mountains. This list has been compiled by the staff at Lost Dutchman State Park and the members of the Maricopa Audubon Society.
